Who We Are

OUR VALUES

Our values are a critical part of who we are as a company today and who we will be in the future. By continuing to demonstrate performance with integrity, we'll strengthen this important part of the foundation for our ongoing success and deliver value to our customers, employees, communities, and shareholders.

This drives our dedication to uphold ourselves to the highest standards of business conduct.

Safety – A Total Commitment to Safety

In every decision and every action, every time, every day.

Clarity

We strive to make things easier, delivering our products and services in a simple, fast and reliable manner.

Performance / Technical Excellence and Continuous Learning

We follow through on our promises, using discipline, teamwork and integrity to respond to our customers' needs.

Compliance with Regulatory Standards

In every decision and every action, every time, every day.

Honesty, Trust and Integrity

In all actions with one another, our suppliers and our customers.

OUR MISSION

Safeway Shipping is committed to providing exceptional customer service by delivering personalized, high-quality and cost efficient solutions to meet the needs of our clients. We strive to exceed the requests of our customers by going above and beyond what is asked to ensure every detail is to your specifications. Ultimately we wish to establish and maintain a long-term relationship with every customer built on respect, confidence and mutual trust.

Our Services

International Transportation is a complex process demanding a full understanding of the language, regulatory and documentation requirements of many governmental agencies throughout the world. Safeway Shipping will save you time through our vast experience.

Our services also include warehousing (receiving, staging and shipping) services which we offer from our 3.5 acre warehouse facility in Houston, Texas.

We handle shipments of every type; by road, air, ocean and rail. We have set ourselves apart from our competition by offering flexible, dependable services at competitive rates – 24 hours a day, 365 days a year. Put simply, we ship the smartest way on your behalf.

Air Freight

AIR CHARTER

Service level option for the fastest air-based shipping method available. Your shipments reach the final destination without scheduling delays.

Aircraft	Payload	Volume	Availability	Date
AN12	Up to 40,000 lbs	3,178cbf	Miami/Houston-Worldwide	Anytime

Our international freight services take the guess work out of complicated international shipping protocols. Count on us to handle every detail!

We will ensure that your freight is handled professionally, securely and on time. You have the backing of a dedicated network of air and ground services for pickup and delivery, and flights with consistent transit times for all major international destinations.

AIR PRIORITY SERVICE

Pickup and delivery door to door, customs clearance express service to Canada and worldwide utilizing the next flight out (up to 70 lbs.) Delivery is within 1-3 business days for individual packages and palletized freight.

AIR ECONOMY SERVICE

Pickup and delivery to most international cities within 4-5 business days (Canada in 2-3 days) for individual packages and palletized freight.

Airport-to-Airport – in 2-4 business days.

Ocean Freight

INTERNATIONAL OCEAN FREIGHT EXCELLENCE

Safeway Shipping specializes in providing expert international ocean freight forwarding services to companies large and small. We are an integral part of our clients' export departments, offering custom-tailored ocean/sea freight logistics solutions for a wide variety of cargo.

CONTAINERS

We offer all types of containerized shipping, from less than container loads to 20', 40' and refrigerated containers.

We also offer highly personalized roll on roll off (Ro-Ro) services for cars, trucks and boats. Our ocean shipping experts are available to provide you with fast quotes to all destinations across the globe; no place is off limits to Safeway Shipping!

Our staff is known for its extensive experience in handling all facets of ocean cargo logistics operations. Safeway Shipping is a leading project cargo specialist, often handling extremely difficult and large scale freight to remote destinations. From imports to the USA to exports across the globe, experience the finest, most personalized logistics solution in the world with Safeway Shipping ocean freight logistics.

CARGO

CONTAINER

Cargo Insurance

Cargo insurance covers physical damage to or loss of your goods whilst in transit by land, sea and air and offers considerable opportunities and cost advantages if managed correctly.

Sometimes in our industry things can go wrong. This is very rare for us at Safeway Shipping, but admittedly it can happen.

Cargo can be handled many times on its journey to its destination and people may make mistakes or mechanics can fail. Every time the shipment moves on a new leg of the journey there is a risk involved, not to mention problems with weather, storms at sea and more.

To this end our customers often ask for complete peace of mind as regards their shipments. Through our regulated partners we deliver a high quality product which gives customers the assurance that their cargo is safely insured against partial or complete loss.

Our Marine Insurance services include:

- Flexible & affordable policies
- Cargo Insurance across all modes of transport
- Freight Insurance for all types of cargo
- Worldwide coverage
- Competitive premiums

Whether the need is for Freight Insurance or Moving Insurance, we provide a simple and effective means to generate insurance rate quotes, book insurance, deliver cargo insurance certificates and handle insurance claims

BENEFITS

- Great Rates
- Comprehensive Coverage
- Get it right, on time
- Confidence
- Ease

Export Packaging

We arrange export packing, choosing the most economical and safest methods such as skidding, crating, palletizing and shrink-wrapping.

We specialize in large item packing, specialty crating, heavy equipments and shipping services. We save you time by packaging or crating your items, then making sure they get to their destinations. We can handle any size, any weight, any shape with expertise, efficiency, and security.

- Industrial & Export Crating
- Packaging and Packaging Supplies
- On-site or off-site Crating Service

With our customized large-item packing services and preferred network of specialized carriers, we can ensure the safety and timely delivery of your shipments. We consider the item's fragility, composition, and value to determine the best packing methods.

We use prefabricated boxes, design and build one-of-a-kind wood crates and corrugated fiberboard containers. The appropriate packing materials are used to ensure adequate protection during transportation.

Our custom shipping experts also secure shipments with pallets or skids to provide additional stability and handling.

Project Logistics

Safeway Shipping's Project Logistics teams will plan, manage and undertake special logistics projects of any scale from start to finish. However challenging the geography, however complex the lift, Project Logistics works closely with our engineering and contractor customers to ensure that every project is planned, delivered and completed on time and to exact specifications.

Capital projects within the energy sector are typically large scale and highly complex entities resulting in intricate and operationally difficult material supply chains where contractual responsibilities are divided and as a result become fragmented and difficult to manage. Continual engineering and construction changes can put even more stress on this already complex set of relationships.

With our proven system of single-point control, we handle all projects from beginning to end. We coordinate the flow of materials, handle restrictions in difficult or remote areas, manage site operations, provide flexible options and stage supply lines to meet exacting deadlines. We handle the jobs other companies consider too difficult.

OUR PROJECT LOGISTICS EXPERTISE

Safeway Shipping Project Logistics expertise spans many industries, including:

- Upstream Oil & Gas
- Downstream Oil & Gas
- Power & Utilities
- Energy & Mining

International Moving

WORLDWIDE COVERAGE

Your international relocation service needs are important to us. We will listen first and act second.

Our team of highly qualified international moving specialists will personally oversee your international moving services every step of the way—from initial planning at origin to final unpacking in your new home.

Safeway Shipping is an expert in moving household goods internationally. Each international move is handled with experience, training and proven techniques to assure quality results the world over.

Moving internationally is different than moving around the block. Through our network of worldwide movers, Safeway Shipping will facilitate the loading of secured ocean containers and/or waterproofed sealed lift vans for your surface shipment.

Air freight shipments are secured in unique tri-walled containers that are banded and labeled with your new location information. Global moving schedules are coordinated with the steamship lines and airlines partners through your single point of contact.

As an added resource during your worldwide mover search, we have listed below links to selected international sites that may be of interest to you and assist you in selecting Safeway Shipping as your international mover:

Procurement

We offer procurement services that provide the equipment and material that meets the ever increasing standards of our clients.

The two main objectives of procurement outsourcing is reduction in cost and tightening of focus on core competencies.

ACTIVITIES

There are some basic procurement activities that include sourcing and supplier management to a third party. These activities involve extra effort and time for any business groups, therefore it is best to outsource them to us at Safeway Shipping.

BENEFITS

Outsourcing your procurement activity to safeway Shipping allows your company to benefit from the vast experience, expertise and support offered by our procurement specialists. Procurement outsourcing also helps you avoid the unnecessary overhead involved in the creation of internal procurement teams and the time that it takes to structure such teams and their processes.

With your procurement activities outsourced to Safeway Shipping, you can focus on your core competencies and rest assured that your procurement processes are in the best of hands.

Technology Services

BRIDGING SUPPLY CHAIN GAPS WITH INTEGRATED SERVICES

Safeway Technology Services specializes in streamlining workflows, providing improved transparency across the supply chain and giving our clients enhanced business intelligence through advanced reporting and forecasting tools.

Safeway's supply chain management system acts as a hub to bridge the spokes of various disconnected systems. This centralized model enables seamless systems integrations and a true collaboration platform for all parties involved in cargo shipments.

Highlights of our technology services include the following:

- Complete supply chain life cycle management
- Enhanced, detailed reporting and forecasting tools
- Custom dashboards for at-a-glance access to Key Performance Indicators
- Distinct user access roles for shippers, receivers and vendors
- Online document management systems
- Flexible and scalable solutions with strong security and encryption

In addition to our existing technology platform, Safeway Technology Services can also help implement new solutions to meet your company's needs. We offer varying levels of consulting and implementations that are custom-tailored to your exact needs.

Whether it involves harnessing our experience across all aspects of the supply chain for consulting projects or providing turn-key solutions to get you up and running quickly, Safeway Technology Services can work for you.
